

School Priorities

2022-24

Language, Learning, Lives

To continue to develop a wide vocabulary for all children.

Review teaching of reading across school, approaches and resources.

To develop maths teaching and learning, to ensure impact within mixed age class teaching.

To ensure the curriculum is mapped out, recognising the needs of the children.

To develop understanding of memory, and its importance in education.

To ensure all children with additional needs have their needs met and that they make at least expected progress.

For staff to gain expertise in ASC, and that classrooms are supportive of children with ASD needs, including CPD for new staff and consolidating learning for last academic year.

To review behaviour management and develop restorative practices across school.
