# Part A: Pupil premium strategy plan

## Statement of intent

Our strategic approach to the use of additional funding at Keresley Grange is based on diagnosis and evaluation of the data and evidence about children at the school and is informed by EEF Guide to Pupil Premium.

Progress in this plan will be monitored and evaluated regularly at Strategy Team Meetings, every LGC meeting and termly The Futures Trust Academy Improvement Board.

### Rationale:

- At Keresley Academies we believe that all children have the right to develop a superb understanding of language and wide vocabulary, within a love of stories; and develop a structure for life around the value of respect.
- The two beliefs form our fundamental principles on which we have created our school.
- Together children are: Responsible, Empathetic, Successful, Problem-solvers, Enterprising. Collaborative and Together. This forms the basis for our value of respect.
- We continually review our ethos and curriculum to ensure that we consider research and best practice to improve learning for our community.
- Our School Development Plan reflects this practice and our ambition for our school and the lives that we influence and shape.
- This policy is based on our school aims of:

### Aims:

- **Language:**
  - For children to develop a love of language and stories and use an extensive, rich vocabulary.
- **Learning:**
  - For our community to love learning, know who they are as learners and challenge themselves to extend and deepen this learning through becoming Leaders of Learning.
- **Lives:**
  - To be a community, supportive of each other, living by our value of respect.

and... The Futures Trust values of:

1. **Learners First** – teachers and leaders totally focused upon the educational benefit of our students
2. **It's About Learning** – students, teachers and leaders focused upon developing and improving their learning and development
3. **No Barriers** – no excuses, only support to ensure students, teachers and leaders maximise their achievements.

### Our Community:

- Children at Keresley Grange are individuals and come from a wide range of social backgrounds. They enjoy school, and some are keen to share their

achievements. The typical learner at Keresley Grange spends much of their time on technology, keeping up with their peers playing the latest games. Although some children have access to more traditional and outdoor pastimes, many do not. This impacts on social skills, aspiration, general knowledge, vocabulary, spoken and written language and learning behaviours. Children at Keresley Grange lack resilience as learners, often giving up if learning is challenging.

### Curriculum:

- To meet the needs of our community of learners, the curriculum at Keresley Grange is based around providing language rich opportunities, with story and reading at its heart (Language).
- There is a focus on Growth Mindsets to promote resilience and the understanding that failure leads to new learning and is exciting (Lives).
- For children to be successful in life and learning, we provide a rich curriculum that is bespoke to Keresley Grange, with an emphasis placed on experiential learning and providing children with inspiration for their future aspirations (Learning, Lives).
- Our curriculum provides children with a breadth of knowledge and skills for life (Learning).

### Intended Impact:

We want our children to develop the skills to be successful in life with a breadth of knowledge and a wide range of skills that enable them to be Leaders of Learning. Children will be articulate and thrive on extending their vocabulary; and read widely with joy. Children will be both independent and collaborative learners who love challenge; and understand who they are both as learners and as members of society. They will develop a broad knowledge of different subjects and use this information to find out more. They will be confident in themselves, but also show empathy and compassion to others. Children will have high aspirations for their lives and their future. Children will have high aspirations for their lives and their future and we will work as one big family to help them to achieve and be the best that they can.

### Our Learners

Keresley Grange use additional funding to devise support and guidance structures close to the learner which are focused upon their learning.

20 children (6% of whole school, 26% of all children receiving PPG) are **in receipt of the PPG funding with** identified Special Educational Needs

Attendance for PPG pupils compared to national for PPG children and non-PPG children are broadly in line, meaning that our PPG children enjoy coming into school and do so in line with national averages.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Keresley Grange does not have a Nursery so children must accelerate progress within Reception year to be ready for the National Curriculum and our Keresley Grange curriculum. Children in receipt of PPG can have additional barriers that make this challenging.
2	Vocabulary is limited – Speech and Language is the highest SEN need within the school population.
3	Children have limited life experiences and opportunities within the wider world.
4	Motivation to learn and retention can be poor.
5	Many of our PPG children have additional learning needs.
6	Mental health and wellbeing – many of these children have additional needs based on adverse experiences in their lives.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To ensure PPG children make accelerated progress school, in Reading, Writing, Maths so they are performing at least in line with non-PPG children	Data for PPG children through school in line with non-PPG children
To provide PPG children with opportunities to enhance their wider life experiences	All PPG children are a pupil leader in school Children access a wide variety of clubs PPG children represent school in sports competitions Children taken on specific trips to broaden experiences
For PPG children to improve aspirations for the future	Parents attend Parents Meetings Homework completed Children able to talk about plans for the future Children engage well in learning throughout curriculum

For PPG children to be competent mathematicians	Arithmetic scores improve over the year X table check scores at least in line with national for non-PPG Y6 SATs results at least in line with national for non-PPG
To ensure PPG children have mental health and wellbeing needs met	Children use The Willows informally Children have specific support programmes linked to their needs Additional specific support or intervention is accessed and has impact (outside agencies)
