This week at Keresley Grange..

## Friday 13<sup>th</sup> February

## Message from Mr Astley

...and so the half-term comes to an end. It has really been another spectacular half-term at Keresley Grange. Lots of progress is being made and it has been lovely this week welcoming most of you into school for Parents Consultations. This important partnership makes such a difference for your child – thank you for attending and showing your support.

It has been such a busy week again, with children joining in with mental health and internet safety activities this week. Children across the school have also been taking part in their latest Design Technology and Art projects. As ever, the results are excellent. Make sure you look on Facebook to check out the photos.

Please remember that the half-term holiday starts today and all children must be back in school on Tuesday 24<sup>th</sup> February (Monday 23<sup>rd</sup> February is an INSET day).

Enjoy your half-term break.

### INSET DAYS

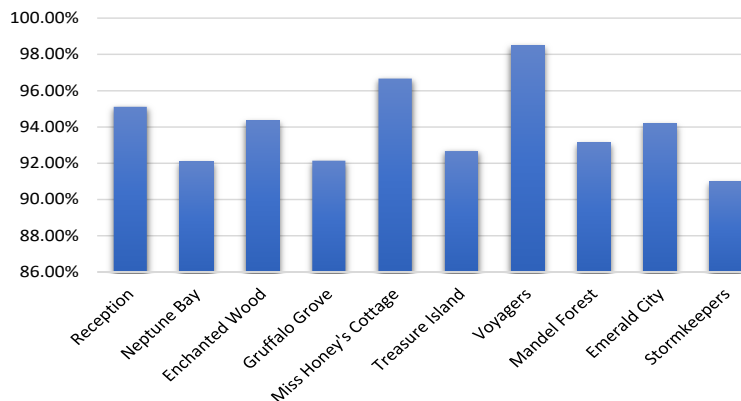

Monday 23<sup>rd</sup> February

Monday 1<sup>st</sup> June

Monday 20<sup>th</sup> July

Children are not in school on these days.

### Best Attendance

### Attendance

Well done to Voyagers for an impressive 98.52% and for KS1, Reception topped the attendance with 95.11%!

We want to remind parents of the importance of getting to school on time, your children do lots of important learning in the morning and missing it can be of great detriment to their overall learning. Gates close at 8.55am and we expect children to be in their classes being registered at this time.

### Behaviour

You will have noticed the new signs on the playground with our new school rules on. Please make sure you support us by talking to your children about our simple rules and which ones they have followed well during the day. Lots of children are getting green lights for them!

### Tip of the week...

It has been great hearing some of our families having NO DEVICE days. Maybe you could try that over the February half term break and go on an adventure, invent a new game together or do some cooking. If you get up to something really exciting over the half term break, please send pictures to your class email address so we can look at them when we come back to school.

### Personal Data

It is your responsibility to keep your contact details up to date with the school office. Please note you can opt in or out of photo permissions at any time by contacting the school office or through Studybuds.

### Expansion – initial meeting

We are holding a meeting for parents about our expansion proposals on **Thursday 5<sup>th</sup> March at 3:45pm**. It is a chance to find out more about the reasons behind the proposals and a chance to ask school and Futures Trust senior staff questions. **If you wish to attend the meeting on Thursday 5<sup>th</sup> March, please contact the office.**

We will not be able to share specific plans or details about the expansion or building work at this point but we will be holding another meeting after the consultation period. At that next meeting, we will be able to share exciting plans.

### Mobile Phones & Photos on the school site

Keep mobile phones out of sight of children. You are not permitted to use mobile phones during the working day or to take photographs of children on personal devices. You must refrain from posting photos or recordings on social media, websites or any public forum. **Please do not screenshot photos of any children from our official Facebook page and repost them on your own pages. Please do not use children's names when commenting on our Facebook posts.**
